PROGRAMS

SEC. 401. Effective July 1, 1971, title VII of the Housing Act of 1961 is amended to read as follows:

Effective date,
75 Stat. 183.
42 USC 1500.

"TITLE VII—OPEN-SPACE LAND

"FINDINGS AND PURPOSE

"SEC. 701. (a) The Congress finds that the rapid expansion of the Nation's urban areas and the rapid growth of population within such areas has resulted in severe problems of urban and suburban living for the preponderant majority of the Nation's present and future population, including the lack of valuable open-space land for recreational and other purposes.

"(b) The Congress further finds that there is a need for the additional provision of parks and other open space in the built-up portions of urban areas especially in low income neighborhoods and communities and a need for greater and better coordinated State and local efforts to make available and improve open-space land throughout entire urban areas.

"(c) The Congress further finds that there is a need for timely action to preserve and restore areas, sites, and structures of historic or architectural value in order that these remaining evidences of our history and heritage shall not be lost or destroyed through the expansion and development of the Nation's urban areas.

"(d) It is the purpose of this title to help curb urban sprawl and prevent the spread of urban blight and deterioration, to encourage more economic and desirable urban development, to assist in preserving areas and properties of historic or architectural value, and to help provide necessary recreational, conservation, and scenic areas by assisting State and local public bodies in taking prompt action to (1) provide, preserve, and develop open-space land in a manner consistent with the planned long-range development of the Nation's urban areas, (2) acquire, improve, and restore areas, sites, and structures of historic or architectural value, and (3) develop and improve open space and other public urban land, in accordance with programs to encourage and coordinate local public and private efforts toward this end.

"GRANTS FOR ACQUISITION AND FOR DEVELOPMENT OF OPEN-SPACE LAND

"SEC. 702. (a) The Secretary is authorized to make grants to States and local public bodies to help finance (1) the acquisition of title to, or other interest in, open-space land in urban areas and (2) the development of open-space or other land in urban areas for open-space uses. The amount of any such grant shall not exceed 50 per centum of the eligible project cost, as approved by the Secretary, of such acquisition or development. Not more than 50 per centum of the non-Federal share of such eligible project cost may, to the extent authorized in regulations established by the Secretary, be made up by donations of land or materials.

Prohibitions.

“(b) No grants under this title shall be made to (1) defray ordinary State or local governmental expenses, (2) help finance the acquisition by a public body of land located outside the urban area for which it exercises (or participates in the exercise of) responsibilities consistent with the purpose of this title, (3) acquire and clear developed land in built-up urban areas unless the local governing body determines that adequate open-space land cannot be effectively provided through the use of existing undeveloped land, or (4) provide assistance for historic and architectural preservation purposes, except for districts, sites, buildings, structures, and objects which the Secretary of the Interior determines meet the criteria used in establishing the National Register.

“(c) The Secretary may set such further terms and conditions for assistance under this title as he determines to be desirable.

Review.

“(d) The Secretary shall consult with the Secretary of the Interior on the general policies to be followed in reviewing applications for grants under this title. To assist the Secretary in such review, the Secretary of the Interior shall furnish him (1) appropriate information on the status of national and statewide recreation and historic preservation planning as it affects the areas to be assisted with such grants, and (2) the current listing of any districts, sites, buildings, structures, and objects significant in American history, architecture, archeology, and culture which may be contained on a National Register maintained by the Secretary of the Interior pursuant to other provisions of law. The Secretary shall provide current information to the Secretary of the Interior from time to time on significant program developments.

Technical assistance.

“(e) The Secretary may provide such technical assistance to States and local public bodies as may be required to effectively carry out activities under this section.

“PLANNING REQUIREMENTS

“SEC. 703. The Secretary shall make grants under section 702 only if he finds that such assistance is needed for carrying out a unified or officially coordinated program, meeting criteria established by him, for the provision and development of open-space land which is a part of, or is consistent with, the comprehensively planned development of the urban area.

“CONVERSIONS TO OTHER USES

“SEC. 704. No open-space land for the acquisition of which a grant has been made under section 702 shall be converted to uses not originally approved by the Secretary without his prior approval. Prior approval will be granted only upon satisfactory compliance with regulations established by the Secretary. Such regulations shall require findings that (1) there is adequate assurance of the substitution of other open-space land of as nearly as feasible equivalent usefulness, location, and fair market value at the time of the conversion; (2) the conversion and substitution are needed for orderly growth and development; and (3) the proposed uses of the converted and substituted land are in accord with the then applicable comprehensive plan for the urban area, meeting criteria established by the Secretary.

“CONVERSIONS OF LAND INVOLVING HISTORIC OR ARCHITECTURAL PURPOSES

“SEC. 705. No open-space land involving historic or architectural purposes for which assistance has been granted under this title shall be converted to use for any other purpose without the prior approval of the Secretary of the Interior.

“ACQUISITION OF INTERESTS TO GUIDE URBAN DEVELOPMENT

“SEC. 706. In order to encourage the acquisition of interests in undeveloped or predominantly undeveloped land which, if withheld from commercial, industrial, and residential development, would have special significance in helping to shape economic and desirable patterns of urban growth (including growth outside of existing urban areas which is directly related to the development of new communities or the expansion and revitalization of existing communities), the Secretary may make grants to State and local public bodies for the acquisition of such interests in an amount not to exceed 75 per centum of the cost of such acquisition. In the case of any interests acquired pursuant to this section, the Secretary may approve the subsequent conversion or disposition of the land involved without regard to other requirements of this title but subject to such terms and conditions as he determines equitable and appropriate with respect to the control of future use and the application or sharing of the proceeds or value realized upon sale or disposition.

“LABOR STANDARDS

“SEC. 707. (a) The Secretary shall take such action as may be necessary to insure that all laborers and mechanics employed by contractors or subcontractors in the performance of construction work financed with the assistance of grants under this title shall be paid wages at rates not less than those prevailing on similar construction in the locality as determined by the Secretary of Labor in accordance with the Davis-Bacon Act, as amended. The Secretary shall not approve any such grant without first obtaining adequate assurance that these labor standards will be maintained upon the construction work.

49 Stat. 1011.
40 USC 276a.

“(b) The Secretary of Labor shall have, with respect to the labor standards specified in subsection (a), the authority and functions set forth in Reorganization Plan Numbered 14 of 1950 (15 F.R. 3176; 64 Stat. 1267; 5 U.S.C. 133z-15), and section 2 of the Act of June 13, 1934, as amended (48 Stat. 948; 40 U.S.C. 276c).

5 USC app.
63 Stat. 108.

TITLE VII—URBAN GROWTH AND NEW COMMUNITY DEVELOPMENT

SHORT TITLE AND STATEMENT OF PURPOSE

SEC. 701. (a) This title may be cited as the "Urban Growth and New Community Development Act of 1970".

Citation of title.

(b) It is the policy of the Congress and the purpose of this title to provide for the development of a national urban growth policy and to encourage the rational, orderly, efficient, and economic growth, development, and redevelopment of our States, metropolitan areas, cities, counties, towns, and communities in predominantly rural areas which demonstrate a special potential for accelerated growth; to encourage the prudent use and conservation of our natural resources; and to encourage and support development which will assure our communities of adequate tax bases, community services, job opportunities, and well-balanced neighborhoods in socially, economically, and physically attractive living environments.

PART A—DEVELOPMENT OF A NATIONAL URBAN GROWTH POLICY

FINDINGS AND DECLARATION OF POLICY

SEC. 702. (a) The Congress finds that the rapid growth of urban population and uneven expansion of urban development in the United States, together with a decline in farm population, slower growth in rural areas, and migration to the cities, has created an imbalance between the Nation's needs and resources and seriously threatens our physical environment, and that the economic and social development

of the Nation, the proper conservation of our natural resources, and the achievement of satisfactory living standards depend upon the sound, orderly, and more balanced development of all areas of the Nation.

(b) The Congress further finds that Federal programs affect the location of population, economic growth, and the character of urban development; that such programs frequently conflict and result in undesirable and costly patterns of urban development which adversely affect the environment and wastefully use our natural resources; and that existing and future programs must be interrelated and coordinated within a system of orderly development and established priorities consistent with a national urban growth policy.

(c) To promote the general welfare and properly apply the resources of the Federal Government in strengthening the economic and social health of all areas of the Nation and more adequately protect the physical environment and conserve natural resources, the Congress declares that the Federal Government, consistent with the responsibilities of State and local government and the private sector, must assume responsibility for the development of a national urban growth policy which shall incorporate social, economic, and other appropriate factors. Such policy shall serve as a guide in making specific decisions at the national level which affect the pattern of urban growth and shall provide a framework for development of interstate, State, and local growth and stabilization policy.

(d) The Congress further declares that the national urban growth policy should—

(1) favor patterns of urbanization and economic development and stabilization which offer a range of alternative locations and encourage the wise and balanced use of physical and human resources in metropolitan and urban regions as well as in smaller urban places which have a potential for accelerated growth;

(2) foster the continued economic strength of all parts of the United States, including central cities, suburbs, smaller communities, local neighborhoods, and rural areas;

(3) help reverse trends of migration and physical growth which reinforce disparities among States, regions, and cities;

(4) treat comprehensively the problems of poverty and employment (including the erosion of tax bases, and the need for better community services and job opportunities) which are associated with disorderly urbanization and rural decline;

(5) develop means to encourage good housing for all Americans without regard to race or creed;

(6) refine the role of the Federal Government in revitalizing existing communities and encouraging planned, large-scale urban and new community development;

(7) strengthen the capacity of general governmental institutions to contribute to balanced urban growth and stabilization; and

(8) facilitate increased coordination in the administration of Federal programs so as to encourage desirable patterns of urban growth and stabilization, the prudent use of natural resources, and the protection of the physical environment.

URBAN GROWTH REPORT

SEC. 703. (a) In order to assist in the development of a national urban growth policy, the President shall utilize the capacity of his office, adequately organized and staffed for the purpose, through an identified unit of the Domestic Council, and of the departments and agencies within the executive branch to collect, analyze, and evaluate such statistics, data, and other information (including demographic,

economic, social, land use, environmental, and governmental information) as will enable him to transmit to the Congress, during the month of February in every even-numbered year beginning with 1972, a Report on Urban Growth for the preceding two calendar years which shall include—

(1) information and statistics describing characteristics of urban growth and stabilization and identifying significant trends and developments;

(2) a summary of significant problems facing the United States as a result of urban growth trends and developments;

(3) an evaluation of the progress and effectiveness of Federal efforts designed to meet such problems and to carry out the national urban growth policy;

(4) an assessment of the policies and structure of existing and proposed interstate planning and developments affecting such policy;

(5) a review of State, local, and private policies, plans, and programs relevant to such policy;

(6) current and foreseeable needs in the areas served by policies, plans, and programs designed to carry out such policy, and the steps being taken to meet such needs; and

(7) recommendations for programs and policies for carrying out such policy, including such legislation and administrative actions as may be deemed necessary and desirable.

(b) The President may transmit from time to time to the Congress supplementary reports on urban growth which shall include such supplementary and revised recommendations as may be appropriate.

Supplementary reports, transmitted to Congress.

(c) To assist in the preparation of the Report on Urban Growth and any supplementary reports, the President may establish an advisory board, or seek the advice from time to time of temporary advisory boards, the members of whom shall be drawn from among private citizens familiar with the problems of urban growth and from among Federal officials, Governors of States, mayors, county officials, members of State and local legislative bodies, and others qualified to assist in the preparation of such reports.

Advisory board, establishment.

PART B—DEVELOPMENT OF NEW COMMUNITIES

FINDINGS AND PURPOSE

SEC. 710. (a) The Congress finds that this Nation is likely to experience during the remaining years of this century a population increase of about seventy-five million persons.

(b) The Congress further finds that continuation of established patterns of urban development, together with the anticipated increase in population, will result in (1) inefficient and wasteful use of land resources which are of national economic and environmental importance; (2) destruction of irreplaceable natural and recreational resources and increasing pollution of air and water; (3) diminished opportunity for the private homebuilding industry to operate at its highest potential capacity in providing good housing needed to serve the expanding population and to replace substandard housing; (4) costly and inefficient public facilities and services at all levels of government; (5) unduly limited options for many of our people as to where they may live, and the types of housing and environment in which they may live; (6) failure to make the most economic use of present and potential resources of many of the Nation's smaller cities and towns, including those in rural and economically depressed areas, and decreasing employment and business opportunities for their

residents; (7) further lessening of employment and business opportunities for the residents of central cities and of the ability of such cities to retain a tax base adequate to support vital services for all their citizens, particularly the poor and disadvantaged; (8) further separation of people within metropolitan areas by income and by race; (9) further increases in the distances between the places where people live and where they work and find recreation; and (10) increased cost and decreased effectiveness of public and private facilities for urban transportation.

(c) The Congress further finds that better patterns of urban development and revitalization are essential to accommodate future population growth; to prevent further deterioration of the Nation's physical and social environment; and to make positive contributions to improving the overall quality of life within the Nation.

New community
development.

(d) The Congress further finds that the national welfare requires the encouragement of well-planned, diversified, and economically sound new communities, including major additions to existing communities, as one of several essential elements of a consistent national program for bettering patterns of development and renewal.

(e) The Congress further finds that desirable new community development on a significant national scale has been prevented by difficulties in (1) obtaining adequate financing at moderate cost for enterprises which involve large initial capital investment, extensive periods before investment can be returned, and irregular patterns of return; (2) the timely assembly of sufficiently large sites in economically favorable locations at reasonable cost; and (3) making necessary arrangements, among all private and public organizations involved, for providing site and related improvements (including streets, sewer and water facilities, and other public and community facilities) in a timely and coordinated manner.

Federal financial
assistance.

(f) It is, therefore, the purpose of this part to provide private developers and State and local public bodies and agencies (including regional or metropolitan public bodies and agencies) with financial and other assistance necessary for encouraging the orderly development of well-planned, diversified, and economically sound new communities, including major additions to existing communities, and to do so in a manner which will rely to the maximum extent on private enterprise; strengthen the capacity of State and local governments to deal with local problems; preserve and enhance both the natural and urban environment; increase for all persons, particularly members of minority groups, the available choices of locations for living and working, thereby providing a more just economic and social environment; encourage the fullest utilization of the economic potential of older central cities, smaller towns, and rural communities; assist in the efficient production of a steady supply of residential, commercial, and industrial building sites at reasonable cost; increase the capability of all segments of the home-building industry, including both small and large producers, to utilize improved technology in producing the large volume of well-designed, inexpensive housing needed to accommodate population growth; help create neighborhoods designed for easier access between the places where people live and the places where they work and find recreation; and encourage desirable innovation in meeting domestic problems whether physical, economic, or social. It is also the purpose of this part to improve the organizational capacity of the Federal Government to carry out programs of assistance for the development of new communities and the revitalization of the Nation's urban areas.

DEFINITIONS

SEC. 711. As used in this part—

(a) The term “new community development program” means a program which is intended to result in a newly built community or a major addition to an existing community and which meets the eligibility standards set forth in section 712.

(b) The term “private new community developer” means any private entity organized in a form satisfactory to the Secretary for carrying out one or more new community development programs.

(c) The term “State land development agency” means any State or local public body or agency with authority to act as developer in carrying out one or more new community development programs.

(d) The term “State” means any State of the United States, the District of Columbia, the Commonwealth of Puerto Rico, any territory or possession of the United States, or any agency or instrumentality of any of the foregoing.

The term “land development” includes the construction of public facilities, but does not include the construction of any other building unless it is (1) needed in connection with a water supply or sewage disposal installation or a steam, gas, or electric line or installation, or (2) is to be owned and maintained by residents of the new community under joint or cooperative arrangements approved by the Secretary.

(g) The term “actual cost” means the costs (exclusive of rebates or discounts) incurred by a new community developer in carrying out the land development assisted under this Act. These costs may include amounts paid for labor, materials, construction contracts, land planning, engineers’ and architect’s fees, surveys, taxes, and interest during development, organizational and legal expenses, such allocation of general overhead expenses as are acceptable to the Secretary, and other items of expense incidental to development which may be approved by the Secretary. If the Secretary determines that there is an identity of interest between the developer and a contractor, there may be included as a part of actual cost an allowance for the contractor’s profit or risk an amount deemed reasonable by the Secretary.

(h) The term “Secretary” means the Secretary of Housing and Urban Development.

(i) The term “Community Development Corporation” means the corporation established within the Department of Housing and Urban Development under section 729.

ELIGIBLE NEW COMMUNITY DEVELOPMENT

SEC. 712. (a) A new community development program is eligible for assistance under this part only if the Secretary determines that the program (or the new community it contemplates)—

(1) will provide an alternative to disorderly urban growth, helping preserve or enhance desirable aspects of the natural and urban environment or so improving general and economic conditions in established communities as to help reverse migration from existing cities or rural areas;

(2) will be economically feasible in terms of economic base or potential for economic growth;

(3) will contribute to the welfare of the entire area which will be substantially affected by the program and of which the land to be developed is a part;

(4) is consistent with comprehensive planning, physical and social, determined by the Secretary to provide an adequate basis for evaluating the new community development program in relation to other plans (including State, local, and private plans) and activities involving area population, housing and development trends, and transportation, water, sewerage, open space, recreation, and other relevant facilities;

(5) has received all governmental reviews and approvals required by State or local law, or by the Secretary;

(6) will contribute to good living conditions in the community, and that such community will be characterized by well balanced and diversified land use patterns and will include or be served by adequate public, community, and commercial facilities (including facilities needed for education, health and social services, recreation, and transportation) deemed satisfactory by the Secretary;

(7) makes substantial provision for housing within the means of persons of low and moderate income and that such housing will constitute an appropriate proportion of the community's housing supply; and

(8) will make significant use of advances in design and technology with respect to land utilization, materials and methods of construction, and the provision of community facilities and services.

(b) A new community development program approved for assistance under this part shall be undertaken by a private new community developer or State land development agency approved by the Secretary on the basis of financial, technical, and administrative ability which demonstrates capacity to carry out the program with reasonable assurance of its completion.

(a) The Secretary (acting through the Community Development Corporation) is authorized to guarantee, and enter into commitments to guarantee, the bonds, debentures, notes, and other obligations issued by or on behalf of private new community developers and State land development agencies for the purpose of financing real property acquisition and land development and to compensate for the use of real property or the removal of liens or encumbrances on such property, pursuant to the new community development programs approved by the Secretary. The Secretary may make such guarantees and enter into such commitments upon such terms and conditions as he may prescribe consistent with the limitations and conditions contained in section 716; except that no obligation of any State land development agency shall be guaranteed under this section if the income from such obligation is exempt from Federal taxation. The

Grants.

Secretary is authorized to make grants to any State land development agency the obligations of which are guaranteed under this section in amounts estimated by him not to exceed the difference between the interest paid on such obligations and the interest on similar obligations the income from which is exempt from Federal taxation.

(b) The full faith and credit of the United States is pledged to the payment of all guarantees made under this section with respect to principal, interest, and any redemption premiums. Any such guarantee made by the Secretary shall be conclusive evidence of the eligibility of the obligations for such guarantee, and the validity of any guarantee so made shall be incontestable in the hands of a holder of the guaranteed obligation.

(c) The outstanding bonds, debentures, notes or other obligations guaranteed under this section with respect to a single new community development program shall involve a principal obligation in an amount (1) in the case of a State land development agency, not exceeding 100 per centum of the sum of the Secretary's estimate of the value of the real property before development and his estimate of the actual cost of the land development, or (2) in the case of a private new community developer, not exceeding the sum of 80 per centum of the Secretary's estimate of the value of the real property before development and 90 per centum of his estimate of the actual cost of the land development.

(d) The outstanding principal obligations guaranteed under this section with respect to a single new community development program shall at no time exceed \$50,000,000.

LOANS

SEC. 714. (a) The Secretary (acting through the Community Development Corporation) is authorized, subject to the limitations and conditions contained in section 716, to make and enter into agreements to make loans to or on behalf of private new community developers and State land development agencies for the purpose of assisting them to make interest payments on indebtedness incurred by them to finance new community development programs approved by him. Loans under this section shall be in amounts which do not exceed the amount of interest the Secretary estimates is payable on indebtedness attributable to land acquisition or land development and shall be made only with respect to interest payments on indebtedness outstanding during an initial development period (not to exceed fifteen years) which the Secretary estimates to be prior to the time when land marketing activity is of sufficient volume to permit continued development under the new community development program without the benefit of further loans under this section.

(b) The Secretary shall require that loans under this section shall be repaid, with interest and on terms and conditions satisfactory to him, commencing at such time as development progress and marketing under the new community development program permit such repayment, but not later than fifteen years after the date the loan is made. Such loans shall bear interest at a rate specified by the Secretary which shall not be less than a rate determined by the Secretary of the Treasury taking into consideration the current average market yield on outstanding marketable obligations of the United States with remaining periods to maturity comparable to the average maturities of such loans, plus one-eighth of 1 per centum.

(c) The principal amount of the loans outstanding at any time under this section with respect to a single new community development program shall not exceed \$20,000,000.

(d) The aggregate principal amount of the loans outstanding under this section shall at no time exceed \$240,000,000.

PUBLIC SERVICE GRANTS

SEC. 715. In addition to providing assistance under the preceding sections, the Secretary (acting through the Community Development Corporation) may make public service grants (in such amounts and on such terms and conditions as he deems appropriate) to a State land development agency or to the State or local public body having responsibility for providing the services involved to cover the cost of providing during an initial period (not exceeding three years) essential public services (including educational, health, and safety services) which the Secretary deems necessary adequately to serve the needs of the residents of the development prior to completion of permanent arrangements for the provision of such services. There are authorized to be appropriated such sums as may be necessary to carry out the purposes of this section.

Appropriation.

LIMITATIONS ON GUARANTEES AND LOANS

SEC. 716. (a) No guarantee or loan shall be made under this part unless the Secretary has determined that the new community development program represents an acceptable financial risk to the United States, taking into consideration (1) the financial and security interests of the United States, including the manner in which the developer proposes to finance and schedule land acquisition, land development, and marketing, and (2) the public purposes of this part and the special problems involved in financing new communities, including (i) the large amount of initial capital required to finance sound new communities, (ii) the extended period before initial returns can be expected, and (iii) the irregular pattern of cash returns characteristic of this type of development.

(b) The Secretary shall take such steps as he considers reasonable to assure that bonds, debentures, notes, and other obligations guaranteed, or with respect to which interest loans are made, under this part will—

(1) be issued to investors approved by, or meeting requirements prescribed by, the Secretary, or if an offering to the public is contemplated, be underwritten upon terms and conditions approved by the Secretary;

(2) bear interest at a rate satisfactory to the Secretary;

(3) contain or be subject to repayment, maturity, and other provisions satisfactory to the Secretary; and

(4) contain or be subject to provisions with respect to the protection of the security interests of the United States, including any provisions deemed appropriate by the Secretary relating to subrogation, liens, and releases of liens, payment of taxes, cost certification procedures, escrow or trusteeship requirements or other matters.

Money in the revolving fund not currently needed for the purpose of this part shall be kept in cash on hand or on deposit, or invested in obligations of the United States or guaranteed thereby, or in obligations, participations, or other instruments which are lawful investments for fiduciary, trust, or public funds.

(b) The Secretary may issue obligations to the Secretary of the Treasury in an amount sufficient to enable the Secretary to carry out the functions authorized by this part. The obligations issued under this subsection shall have such maturities and bear such rate or rates of interest as shall be determined by the Secretary of the Treasury. The Secretary of the Treasury is authorized and directed to purchase any obligations so issued, and for that purpose he is authorized to use as a public debt transaction the proceeds from the sale of any securities issued under the Second Liberty Bond Act, and the purposes for which securities may be issued under that Act are extended to include purchases of the obligations, hereunder.

(c) Notwithstanding any other provision of law relating to the acquisition, handling, improvement, or disposal of real and other property by the United States, the Secretary shall have power, for the protection of the interests of the fund authorized under this section, to pay out of such fund all expenses or charges in connection with the acquisition, handling, improvement, or disposal of any property, real or personal, acquired by him as a result of recoveries under security, subrogation, or other rights.

In no case shall any grant under this section exceed 20 per centum of the cost of the new community assistance project for which the grant is made; and in no case shall the total Federal contributions to the cost of such project be more than 80 per centum.

SPECIAL PLANNING ASSISTANCE

SEC. 720. (a) The Secretary may, until June 30, 1975, enter into agreements with private new community developers and State land development agencies to provide financial assistance, in amounts, not exceeding two-thirds of the estimated cost of such work, for planning new community development programs, including planning work which he determines will have special value in assuring that new community development programs (1) will be fully responsive to social or environmental problems related to the public purposes of new community development, or (2) will adequately provide for, or encourage the use of, new or advanced technology in support of program objectives.

(b) The Secretary shall enter into agreements under this section only with respect to new community development programs which had been approved or are being actively considered for approval, having met such initial feasibility criteria as the Secretary may have prescribed, and, in the case of private new community developers, only with respect to planning work which the Secretary determines is in excess of that which would ordinarily be needed to establish final market, financial, and engineering feasibility for programs or projects of similar size and scope not subject to the special purposes of this part. The financial assistance extended pursuant to such agreements shall be subject to such terms and conditions, which, in the case of private new community developers, may include provisions for repayment where appropriate, as the Secretary may prescribe.

The Secretary shall adopt such requirements as he deems necessary to assure that new community assistance under this part will (1) help maintain a diversified, local homebuilding industry; (2) increase the capability of all segments of the homebuilding industry, including both small and large producers, to participate, through an increased supply of building sites at reasonable costs and through improved technology, in producing the needed, large volume of well-designed, inexpensive housing; and (3) encourage broad participation by the homebuilding industry, particularly small builders.

NEW COMMUNITY DEMONSTRATION PROJECTS

SEC. 723. Upon specific authorization by the President and under applicable Federal law respecting the use of federally owned lands, the Secretary, utilizing funds made available for the purpose by the Congress, is authorized to plan and carry out large-scale projects demonstrating the development of new communities, which shall be designed to contribute to the achievement of the purposes of this part and serve as models for new community developments which could feasibly be carried out by other public and private developers.

REAL PROPERTY TAXATION

SEC. 724. Nothing in this part shall be construed to exempt any real property that may be acquired and held by the Secretary as a result of the exercise of lien or subrogation rights from real property taxation to the same extent, according to its value, as other real property is taxed.

SEC. 725.
